

# STEPPIN' FOR HEROES

Soldiers' Angel volunteer Amy Krome doesn't let her lifelong physical disability slow down her support for the troops. With her NuStep, which allows her to use a step machine in a seated position, Amy is honoring the 31 Special Operations heroes who died in the helicopter shot down on August 6, 2011. She has set a goal of 3000 daily steps on the NuStep in an ongoing fundraiser for Soldiers' Angels.

## Want to help?
